

LEGACY OF ATLAS

Legacy of Atlas was formed in 2015 by ex-Soulhenge vocalist Fabien Hornick. The band quickly established a name for themselves in the Luxembourgish metal scene with a sound that Hardcore and Nu-metal fans would enjoy.

Since then, the band has gathered experience on local stages such as the Nordic Rock Festival in 2017 and 2018, On Stéitsch Festival 2017, Metalfest Kopstal in 2018. During this time they shared stages with bands such as Napoleon (UK), Death Remains (UK), No Omega (Sweden) and Endzweck (Japan). Legacy of Atlas was chosen as the winner of the 2018 edition of Rock the South. This was rewarded with a *Musical Project Follow-up* in co-operation with Rockhal's *Rocklab*.

2019 and 2020 saw the releases of all of the bands songs as singles. During the pandemic, Legacy of Atlas organized live streams with guest from 15 Luxembourgish bands. At the same time, the band worked on material for a major release in 2021.
